How Important are Friends?

Some people say that people place too much importance on friends and that they are not so important compared to family and work. What do you think?

Vocabulary

- | | |
|-----------------|-----------------|
| 1. ally | 5. friendship |
| 2. occasionally | 6. significance |
| 3. dependent | 7. forever |
| 4. teenager | 8. reliable |

Scenario 1:

Student A and Student B are talking about one of their mutual friends and the experiences they've shared with them.

Scenario 2:

Student A has just moved to Japan and is asking Student B for advice about how to make new friends.

Friends can often be more important than family.

Share a story about how you met one of your friends or a memorable experience you had with one.
