

Transport

What is your daily mode of transport?

Daily English Conversation

Super Class

Think About It**Electric Vehicles**

Most cars and buses run on petrol or diesel these days. But, electric cars are becoming more and more common. *Do you think it's possible to replace all cars that run on fossil fuels with electric cars?*

Scenarios

Scenario 1: Planning A Journey

Student A and Student B are going on a long trip together. Plan what type of transport you want to take and why.

Scenario 2: Giving Transport Advice

Student A is travelling somewhere and asks student B for advice about the best transport methods.

Cars should be banned in city centers.
